Live English In Dublin...

“

This was my first experience abroad. I enjoyed it so much. After only two weeks I feel like my English has improved.

Jacopo, 15, Italy

Babel Academy of English

Babel Academy is an English language School situated on Eden Quay beside O'Connell Bridge, in the heart of Dublin city centre. At Babel Academy, we pride ourselves in the warm welcome we give all our students and visitors.

Our promise is to give Babel Academy students the best possible experience in Ireland. Our **classes are fun, engaging** and specifically designed for students to **improve their English quickly and sustainably**.

Our experienced and dedicated team are here to give learners an experience that is both fun and educational, a place they can call home. **Meet new friends, have the amazing experience of a lifetime and improve your English.** Live English in Dublin with Babel Academy.

Summer School

From June to August, we run a fully immersive Summer School for teenage learners in the Dublin suburb of Raheny. We offer both **host family and residency full-board options** with hot lunch on campus on weekdays. Our campus is a 20-minute train ride from Dublin city centre, 5-minute walk to Raheny train station and 15-minute drive from our Residency (shuttle bus provided every day).

At the Babel Academy Summer Camp, we ensure that students learn English, make new friends and experience Irish culture in a fun and exciting way!

Our Facilities

Spacious classrooms with up-to-date technology and equipment.

Onsite canteen providing all students with a hot lunch as part of their package.

Extensive sports facilities include outdoor tennis and basketball courts, large all-weather sports pitch and large indoor sports hall.

Fully functioning theatre and art room onsite.

Our experience at Babel was great. Teachers are professional and engaging and the staff friendly and helpful. The premises are spacious – there is a lot of room for both school and activities for the students and for us to work.

Our Classes

We provide morning tuition for all students on a ratio of no more than 16 students per class. We have developed our **unique curriculum** options to cover short term stays based on student needs.

Our classes focus on skills that can be best improved while visiting a native speaking country. They promote **idiomatic English**, involving real-time, practical inter-personal communication.

While maintaining a focus on **lexical and communication skills** we ensure that students are challenged and not allowed to "coast" during their stay. In our opinion, this happens to far too many students. We look for **measurable results at the end of the course to track each student's progress.**

All students receive a **course book**. They will use it as part of their classes and can then take their book home for further study and reference. Teachers supplement classes with interactive materials focusing on aspects of life in Ireland. This adds another cultural element to the learning experience.

Our **teachers are all experienced and trained** to use our curriculum as the basis for their lesson plans. We feel that such a high level of preparation in advance of a group's visit is crucial to maximise the benefit of class time for all students during their stay; to ensure that students travelling to Ireland do not go home without experiencing substantial progress.

For groups, we welcome the opportunity to discuss tuition plans with leaders in advance of a group visit and are flexible to student requirements.

Social & Cultural Programme

We know how important it is for students to get the most out of their time in Ireland, experience everything that Dublin has to offer and to speak as much English as possible along the way!

Afternoon Activities On-site

Our excellent facilities mean that students can choose from a wide range of outdoor and indoor activities which vary from week to week, including tennis, soccer, Gaelic games, basketball, volleyball, swimming, art, drama, music and more. There is something for everyone to enjoy.
